Subject: Comp Plan Update List

EXTERNAL EMAIL

I would like to be placed on the email list for updates regarding the Comprehensive Plan.

For record purposes, I would like to state that I was not previously aware of the proposed plan for use of our privately owned urban growth reserve property (2497 Mountain View Rd). It was a real shock to see our property on the WWU presentation. Ferndale growth is unavoidable but we will do everything that we can to oppose the use of our home and property for the sake of connecting roads.

Thank you for adding me to the list.
