Subject: Request for Zoning Change and Sewer Extension – 2070 Grandview Rd

Dear Planning and Community Development Staff,

I am writing to respectfully request a zoning change and sewer service extension for the property located at 2070 Grandview Rd, Ferndale, Washington.

Currently, the parcel is zoned Regional Retail, which is not conducive to development for general business purposes. I believe that a rezone to General Business (GB) would be consistent with the area's long-term growth objectives and the City's Comprehensive Plan. The property is situated in a strategic location for commercial development and could contribute positively to the local economy by attracting business, creating jobs, and expanding the city's tax base.

In addition, I am requesting that municipal sewer service be extended to this property. Access to sewer infrastructure is essential for any future commercial development and would ensure responsible and sustainable land use. Extension of these services would further align the property with nearby developed areas and encourage smart growth within city limits.

I would be happy to provide any supporting documentation or meet with city staff to further discuss this proposal. Thank you for your time and consideration. I look forward to working with the City of Ferndale to explore the opportunities this request presents.

Sincerely,
Cynthia Snodgrass
